

Finish the Year Strong, Partner with Tower.

Once you partner with us, you do not have to worry about revenue cycle management, as our prompt medical coding team will accurately code the services and our billing team will ensure that the claims are reimbursed on time. Therefore, we help you in efficiently managing your cash flow. We work as an extended back office service provider for companies like you, and our services are provided at a cost effective rate.

Tower Physicians Solutions, headquartered in Oak Brook, IL with many years of experience in Nephrology and Medical Coding, Billing, and RCM Services. Our Professional billing and coding personnel have helped to streamline operation processes successfully. Our medical coders are well-acquainted with the latest in medical billing & coding!

Our Services:

- Medical Coding & Billing
- Dedicated Customer Service
- Charge Entry
- Payment Posting
- Account Receivable
- Denial Management and Appeals

Why we are Different:

- **Expertise:** We have a Certified Professional Coder (CPC) on staff and about 25 staff members dedicated to Nephrology coding, billing and collections.
- **Accountability:** Tower offers full access to a dedicated representative, customized reporting for your practices and a better experience for our clients.
- **Full Service Help:** Coding, invoicing, customer service, hospital credentialing, insurance contracting, collections and more are all offered by Tower experts.
- **We Know Nephrology:** Serving about 100 Nephrologists, it's our specialty. We do take care of some clients in related specialties with the same level of service, as well.

A **Free Assessment** will be provided - The goal of our **FREE PRACTICE ASSESSMENT** is to identify coding and documentation errors in practice billing. We spot trends that could be undermining your billing results. It starts with a consultation by one of our billing experts. They will request reports of basic billing and collections data from your practice.
